Sellers Comments

Welcome to the world of the New Renault Kwid which features a host of new styling, design and safety features. The New Kwid becomes more modern and assertive; the new front fascia exudes a sense of aggression which is nowhere to be found amongst its competition. The Kwid's sleek style is underlined by new Signature Ornate Lighting. The SUV-styled headlamps and silver streak LED DRLs create a striking impression. At the rear, tail lamps with LED light guides leave a distinct trail. The exterior design is further enhanced with the new boomerang shaped sculpted roof with arching roof rails. The stylish new grille and its imposing front adds prominence to the Kwid's renowned SUV-look, while the new 14" multi-spoke wheels with a high 180mm ground clearance further accentuate the SUV stance. The New Kwid also comes with SUV-styled skid plates that prevent damage to the underbody on rough terrain, ensuring a hassle-free drive and complete plmages are for illustration purposes only. End product may vary. All accessories are excluded. Price subject to approval from Renault Finance only (Wesbank). T&Cs Apply.
