## Sellers Comments

The Volkswagen Polo Vivo is a hatchback model in South Africa that combines German engineering with local design elements. It is available in various trims, including the base, Life, Style, and GT, and is known for its fuel efficiency and practicality. The car features safety and technology like airbags, ISOFIX mounts, electronic stability control, and digital trip recorders. Key features Design: The Polo Vivo features a refreshed design, which recycles the previous generation's chassis and interior, with modern updates like new VW badges. Engine options: It is equipped with 1.4L or 1.0TSI engines, depending on the model. Fuel efficiency: The 1.4L engine claims a fuel consumption of 5.5 liters per 100 km. Safety: The car has a 4-star Global NCAP rating for adult occupancy and includes features like driver and passenger airbags, ISOFIX mounting points, childproof locks, and Electronic Stability Control. Technology: Available features include air conditioning, power steering, height- and reach-adjustable steering column, cruise control, and a digital trip recorder.
