Sellers Comments

The 2026 BMW i5 M60 xDrive is a high-performance electric sedan with a dual-motor all-wheel-drive system, producing 442 kW and accelerating from 0 to 100 km/h in 3.8 seconds. It has a usable battery capacity of 81.2 kWh, providing a WLTP range of up to 516 km, though real-world range varies depending on factors like driving style. Key features include M Sport brakes, Adaptive suspension Professional, and the latest iDrive 8.5 system with a large touchscreen and head-up display.
